## "VICKY VAN"

FEATURING

ETHEL CLAYTON

A great paramount picture where Ethel Clayton displays her exampled versatility. Carolyn Wells wrote the book which has been one of the season's best sellers. It is, probably the best of the author's long series of detective novels dealing with the exploits of Stone, her own particular creation. The story concerns a girl who marries a man old enough to be her father. She is unhappy and when she inherits wealth in her own right, conceals the fact and secures an adjoining residence to which she arranges a secret entrance from her original home. She goes there when ever her husband is away and in disguise poses as "Vicky Van," a delightful hostess to a gay Bohemian set. Later her husband discovers the deception as does a young man who has become interested in the unhappy wife. The husband chokes her in his rage. Later he is found dead. Many are suspected and then Stone enters, solves the mystery of dual character and the mystery is solved. The two young people find their happiness together. The cast is fine and the direction by Robert G. Vignola leaves nothing to be desired. Miss Clayton doubtless will increase her popularity by this production which tests her dramatic talent in no small measure. Showing two days
